

**Dr. Laura Broutier of the Centre de Recherche en
Cancerologie de Lyon, France**

The Mia Neri Foundation is proud to announce that **Dr. Laura Broutier of the Centre de Recherche en Cancerologie de Lyon, France** is the winner of the second call issued by the Foundation for a 100.000 € grant. The grant is awarded for a research project entitled

“Bring into play organoid technology, INtegrative multi-omics oncopharmacology to capture tumoral heterogeneity and overcome therapeutic reSistance in pediatric brain Tumors”

This is a highly innovative project with a realistic perspective to find ways to overcome the resistance to conventional treatments typical of pediatric brain tumors. The Foundation wishes Dr. Broutier the best success
